

[1. formation](#)[2. placement](#)**formation**

Adjectives agree in both number and gender with the noun or pronoun they modify. For regular adjectives the masculine form is the base form to which endings are added. The feminine adjective is formed by adding an **e**. The plural adjective is formed by adding **s**. Listen to the recorded examples to hear the pronunciation of the different adjective forms:

 masculine singular	feminine singular	masculine plural	feminine plural
petit	petite	petits	petites

Note how the singular and plural forms of the masculine adjective sound the same, and the singular and plural forms of the feminine adjective also sound the same.

 Tex est **petit**.

Tex is little.

Tammy est **petite**.

Tammy is little.

Tex et Trey sont **petits**.

Tex and Trey are little.

Tammy et Bette sont **petites**.

Tammy and Bette are little.

The adjective takes the masculine plural when the nouns it modifies are of different genders: Tammy et Tex sont **petits**. (Tammy and Tex are little.)

**Irregular adjectives** do not follow the rules given above.
