Chapitre 6 : Googlemaps.fr

Instructions

In this activity, you will visit Googlemaps.fr (maps.google.fr) to discover the neighborhood around a site of your choice in France.

A. In class

- With a partner, decide what site in France you would like to explore.

Modèle: Nous allons visiter l'Université Jean Moulin Lyon 3 à Lyon.

B. Devoirs

With your partner, consult the site maps.google.fr.

- First enter the name of your site and locate its address.
- Next click on 'Rechercher à proximité' and fill out the following chart with the name and address of each place/small business that you find.
- Check the 'street view' before you add each place to the chart.
- Create a map with the places you discover and save it to show your classmates. (Cliquez sur 'Mes cartes' et "créez et partagez vos propres cartes.")
